Subject: INTERNAL DRAFT DELIBERATIVE - glyphosate - draft charge questions for review (Tuesday Aug 16 COB deadline)

Hi everyone: We now have the draft charge for the glyphosate cancer evaluation. **Comments on the charge are due to OPP by COB Tuesday (Aug 16).**

The team (Jeff Ross, Ted Berner, Nagu Keshava, Danelle Lobdell, and Tom Bateson) have worked very hard with OPP on editing their draft evaluation with the goal of ensuring that the controversial issues are teed up in a transparent way. OPP says that they are grateful for the help.

Deliberative Process / Ex. 5

Our comments on the draft document are due by COB tomorrow. That's kind of fast and difficult given that we don't know exactly how OPP is winding up yet on the individual evidence streams for epi, animal and genetox.

Regardless, it is a great opportunity to have the charge and several days to mull over it and think about wording and whether there is room for improvement. The concern is that it appears we won't have a new draft of the evaluation to compare to the charge (a point I will bring up today). I will try to get the revised version that should be available to OPP management on Tuesday.

Please send you comments or call or catch me in the hallway if you have any suggestions or questions.
Lynn
